[Speedwall 2](#)

### Speedwall 1

Manufactured from 18mm moisture resistant chipboard faced with 'High-Pressure Laminate' which is post formed on the vertical edges and supplied in a range of colours and finishes.

The laminate panels are heat, scratch; impact and cigarette burn resistant.

All products are designed to meet the latest relevant BS, ISO and NHBC standards and current UK Building Regulations, and are supported with guarantees.

Consult with Bridgman IBC Ltd technical literature for details. Bridgman IBC Ltd can also provide a design and specification service and it is recommended that they are consulted early in the design process.

#### Panels:
